**Tárgy:** Activities of members of racing pigeon organizations - notification requirement - your inquiry of 1st of March  
**Mellékletek:** Picture (Device Independent Bitmap) 1.jpg

Dear Mr. Petho,

in response to your question from 1st of March related to the Austrian provisions on notification of posting of workers let us answer you the following:

The Austrian provisions on posting of workers, in particular the Anti-Wage and Social Dumping Act (Lohn- und Sozialdumping-Bekämpfungsgesetz, LSD-BG), are directing themselves only to enterprises employing and posting workers to Austria. Activities of volunteers, who are not in an employment relationship to the organization for which they volunteer, need not to be notified according to the LSD-BG.

In order to prevent circumvention of labour law, however, there might be controls verifying whether a person appointed for transports in fact is volunteering for his/her organization or rather is an external person working for an equivalent.

Best regards!
